

Lorène J. Marchand, Postdoctoral candidate

I am interested in plant physiology in relation to the environment at both the phenotypic and the molecular levels, as well as microbial community in interaction with the plant.

PhD COURSES

- **Statistic for ecology (30h)**
- Research reproducibility (20h)
- **Vulgarisation and oral communication (14h)**
- Photosynthesis measurement (7h)
- Botany (5h)
- Ethics in research (3h)

TEACHING (88h)

- 1st, 2nd and 3rd year of bachelor
- Field excursion, tutorials and practical work
- Botany, plant anatomy, adaptation and reproduction

TECHNICAL SKILLS

- Statistics with R
- **Metagenomics analysis**
- DNA/RNA extraction
- Metabolite dosage

LANGUAGES

French & English

CURRENT POSITION

● **PhD student**

2018 – Present

Ecole doctorale EGAAL, université de Rennes 1. Rennes. France.

Adaptive potential of Kerguelen's endemic species *Lyallia kerguelensis* to climate change

Student supervision: 2020 Master 2

PhD director: Dr F. Hennion (CNRS) and co-supervisor Dr M. Tarayre (University of Rennes 1)

PREVIOUS RESEARCH

● **Erasmus+ Master thesis (8 months)**

2017 – 2018

University of Antwerp, Centre of Excellence Plants and Ecosystems (PLECO), Antwerp, Belgium and Slovenian forestry institute, Ljubljana, Slovenia

Inter-individual variability in spring phenology of temperate deciduous trees is related to tree size and previous year autumn phenology.

Supervisors: Dr. Matteo Campioli and Dr. Jozica Gricar.

● **Internship Master 1 (2 months)**

2017

Université d'Orléans, Laboratoire des ligneux et des grandes cultures, Orléans, France

Dynamics of carbon storage in poplars with drought x fertilization interactions.

Supervisor: Dr. Régis Fichot

EDUCATION

● **Master 2: integrative biology and climate change**

2017-2018

Université d'Orléans, Orléans, France

● **Master 1: Agri-sciences: forests and agrisystems**

2016-2017

Université d'Orléans, Orléans, France

● **Bachelor: Biology of organisms, population and environment**

2013-2016

Université d'Orléans, Orléans, France

PUBLICATIONS

In preparation

L.J. Marchand, F. Hennion, M. Tarayre, M.-C. Martin, B. R. Martins and C. Monard A specific rhizomicrobiome selected by a long-lived plant in the sub-Antarctic Kerguelen Islands. *The ISME journal*

L. Marchand, M. Tarayre, L. Chambrin, D. Verfaillie, V. Favier and F. Hennion Necrosis extent of *Lyallia kerguelensis* related to summed climate. *Global change biology*

Local adaptation in *L. kerguelensis* through the study of gene expression variability across contrasted environments. L.J. Marchand, F. Hennion, M. Tarayre and P. Lockhart

Published

2020 Marchand L.J., Tarayre M., Dorey T., Rantier Y., Hennion F. Morphological variability of *Lyallia kerguelensis* in relation to environmental conditions and geographical distribution in the Kerguelen Islands. *Polar biology*,
